| 13 | CBLCA position-process Improved Communication Inclusive representation I would like to know how to copy correspondence to the transportation committee and I don't know how. Encourage participation on the transportation committee. It's an effective part of the community, but feels a bit like an inside clique. | 7/29/2017 10:19 AM |
| 14 | CBLCA position-process Other All surveys and consultations are a sham - decisions and bridges are being built now. | 7/29/2017 10:14 AM |

| 17 | CBLCA position-process Inclusive representation Other Create proposals that engage the community collectively, like community gardens in the field south of Moodie. Require city to have community approval of any future residential proposals. Get close to the NCC to ensure it sticks to its mandate. Sponsor tree planting in the fields. | 7/29/2017 9:53 AM |

| 37 | Recreation and events Need walking group | 7/29/2017 8:14 AM |
| 38 | Other Ultimately, LRT will go to Kanata and the present Park & Ride would be a better site for the LMSF. Use Belfast facilities in the mean time. | 7/28/2017 10:43 PM |
| 39 | Good job - keep it up! Doing a fine job, keep it up! | 7/28/2017 10:43 PM |
| 40 | Improved Communication Communication out via the Crystal Beach Facebook group is helpful. | 7/28/2017 9:13 PM |
| 41 | Good job - keep it up! Great survey. Thanks so much. | 7/28/2017 9:10 PM |
| 42 | Recreation and events more neighbourhood events | 7/28/2017 8:58 PM |
| 43 | Other better lighting on Corkstown if LRT at Moodie proceeds so walkers headed from the station to Crystal Beach/Lakeview can be seen. if there is LRT at Moodie then need connector buses from there to Bells Corners. Currently there is no simple, quick way to get to Bells Corners (i.e. Cdn Tire, Loblaw's, Brew Table, MacDonalds, etc.) from Crystal Beach/Lakeview. these are important employers for young people etc and without a car it's hard to get there by bus, and biking on Moodie is dangerous. | 7/28/2017 8:34 PM |
| 44 | CBLCA position-process Improved Communication Do not ignore my opinions when I speak. These are my lands. | 7/28/2017 2:32 PM |

| 46 | Good job - keep it up! Thank you for taking the lead on these initiatives. They are very important aND I appreciate your time. | 7/28/2017 1:52 PM |
| 47 | Good job - keep it up! I think you are doing a great job. We are new to the area and I love the sense of community the CBLCA clearly fosters and supports. Thanks! | 7/28/2017 11:46 AM |
| 48 | CBLCA position-process Inclusive representation There are not enough young people on the CBLCA and I think it is because they are put off by the older folks and their stubborn views about community progress and development. The old people don't want any change, regardless of what it is - this is not a healthy viewpoint. We, the young people still work and need public transportation. We need the LRT here. | 7/28/2017 11:37 AM |
| 49 | Good job - keep it up! Keep up the great work . | 7/28/2017 11:28 AM |

| | | |
|----|---|--------------------|
| 50 | Other A proposal to remove a forest for the purpose of light rail through a small community is ridiculous. It should not be placed there and all the residents of Crystal Beach and beyond will vote against the municipal and provincial parties involved in this project if it removes the forest. This is unacceptable! | 7/28/2017 11:17 AM |
| 51 | Other This form was not easy to copy. | 7/28/2017 11:13 AM |
| 52 | Improved Communication Increased presence on social media and more engaged. | 7/28/2017 11:10 AM |
| 53 | Good job - keep it up! The Association is going a great job, particularly on this issue. We have a wonderful community here. | 7/28/2017 11:09 AM |
| 54 | Improved Communication Inclusive representation More inclusive representation, more opportunities for 2-way communication. | 7/28/2017 10:57 AM |
| 55 | Other More parking at Maki. | 7/28/2017 10:56 AM |
| 56 | Inclusive representation Expressions from young families are most important as their future will be most impacted. | 7/28/2017 10:54 AM |
| 57 | CBLCA position-process Good job - keep it up! Improved Communication Paper, door-to-door I very much appreciate the work and time spent by the CBLCA in the interests of this community. I miss the printed reports that were hand delivered and kept us current with what was happening. Yes, I have access to a computer but don't always find that handy. I would like meetings to be more formal, with adherence to an agenda and less chitchat from attendees. Residents should be encouraged to state their opinions within a time frame. t's been my experience that at 9 o'clock, the room is almost empty and the agenda has not been completed. I also think meetings that impact this neighbourhood should be conducted here. For ex., I resent the LMSF meeting being held at Michelle Heights. We've had larger meetings at the sailing club or Lakeview school when space was an issue. | 7/28/2017 10:52 AM |
| 58 | CBLCA position-process Good job - keep it up! CBLCA's communication is very much improved in the last few years. CBLCA should demand more accountability from the city councillor on the proposed changes by the city that affect this community. | 7/28/2017 10:17 AM |
| 59 | Good job - keep it up! Improved Communication Paper, door-to-door Recreation and events CBLCA is doing a great job. I was active many years ago and know what's involved. More newsletters at door - a lot of seniors still prefer paper to online. More opportunities for 2-way communication, more neighbourhood events, i.e. pub nights. | 7/28/2017 10:15 AM |
| 60 | Good job - keep it up! Improved Communication Community associations are only appreciated when issues arise. CBLCA is doing a good job with current issues. Keep up the good work. More communication would be great. | 7/28/2017 10:13 AM |
| 61 | Good job - keep it up! Good work and good luck on your survey. Lots of dealing with city officials. | 7/28/2017 10:06 AM |
| 62 | Good job - keep it up! Think you are doing a good job keeping community informed on issues pertaining to the neighbourhood. | 7/28/2017 10:04 AM |
| 63 | Other Better street lighting. | 7/28/2017 10:01 AM |
| 64 | Good job - keep it up! Thanks for all your efforts on this! | 7/28/2017 9:57 AM |
| 65 | CBLCA position-process Your comparison chart is extremely one-sided and biased. | 7/28/2017 9:52 AM |
| 66 | Good job - keep it up! The Crystal Beach/Lakeview Community Association is doing a fantastic job! Thank you for helping us advocate for our neighbourhood. | 7/28/2017 8:28 AM |
| 67 | Other Just moved here two weeks ago, so cannot comment. | 7/28/2017 7:01 AM |
| 68 | CBLCA position-process Inclusive representation I feel the CBLCA could better serve the community's needs if they were to choose their advocacy more wisely. This is a case in point. The community may well be in unanimous support of moving the LMSF, but you seem determined to make the location of the station part of the appeal. I feel this risks dividing the community on the dual issue and losing the unanimous support on the more important part of the issue for residents. | 7/27/2017 10:58 PM |

|----|---|--------------------|
| 69 | This question is not relevant to the topic of the survey! I think the logic would be to not have a Light Rail Maintenance Yard here at all but use other facilities until they extend the light rail to Kanata; then put the maintenance yard at the end of the line where the trains can stop at night and leave from there in the morning. The logic is to extend to at least Kanata/Eagleson Rd and more effectively to about the Tanger Mall with a large park and ride at the end of the line. | 7/27/2017 10:24 PM |
| 70 | Other I feel that this survey and much of the attitude and communication related to the LRT extension and the maintenance yards has been biased by a negative attitude to the facilities at Wesley Clover Parks. If there is a LRT stop at the corner of Corkstown and Moodie by the transitway, that will be a good thing. I think OC Transpo will end up putting buses on to ferry the DND staff up to Moodie and Carling. BUT, the logical thing is to build the maintenance yard at the end of the line where the trains can collect at the end of the day and where they can start their journey the next morning. The end of the line should be at least Kanata at Eagleson/March Rd or better yet the west end of Kanata near the Tanger Mall with a park and ride and the maintenance yards there. | 7/27/2017 8:54 PM |
| 71 | CBLCA position-process Good job - keep it up! Survey is a great idea. Gives confidence of commitment to represent community view not particular interests in a negative representation. Appreciate the positive statements in community meeting that intend to be constructive. | 7/27/2017 6:44 PM |
| 72 | Recreation and events More neighbourhood events. | 7/27/2017 6:34 PM |
| 73 | Improved Communication Inclusive representation More opportunity for two way communication and more inclusive representation. | 7/27/2017 5:02 PM |
| 74 | Good job - keep it up! I think you're doing a fine job; thank you. | 7/27/2017 4:47 PM |
| 75 | Good job - keep it up! Currently the association is doing an excellent job. | 7/27/2017 3:39 PM |
| 76 | CBLCA position-process Good job - keep it up! surveys are an inclusive and effective way to gather input. | 7/27/2017 9:22 AM |
| 77 | Good job - keep it up! Thank you for preparing this survey. | 7/27/2017 9:17 AM |
| 78 | CBLCA position-process Improved Communication Too much of the communication from CBLCA is biased and promoting certain views/objections. Communication should be more informative rather than promoting a certain viewpoint. | 7/27/2017 7:50 AM |
| 79 | Good job - keep it up! Continue with your good work. | 7/26/2017 8:54 PM |
| 80 | Good job - keep it up! The association is doing a great job! No improvement ideas. | 7/26/2017 8:36 PM |
| 81 | Good job - keep it up! I think CBLCA is doing a great with the status quo. and thank you. | 7/26/2017 6:57 PM |
| 82 | Good job - keep it up! Thank you for the good work of bringing important issues to the attention of the community and organizing community events. | 7/26/2017 5:15 PM |
| 83 | Good job - keep it up! You're doing a great job. Keep it up. | 7/26/2017 4:52 PM |
| 84 | Other I have sent a letter to the authorities with my views copying the association! | 7/26/2017 3:05 PM |
| 85 | Improved Communication Recreation and events Perhaps more community events? We just moved to the neighborhood. Perhaps more communication on FB. | 7/26/2017 2:46 PM |
| 86 | CBLCA position-process Improved Communication Inclusive representation Paper, door-to-door Better communication - we have lived in the area for a year now and only found out about CBLCA yesterday vis-à-vis a neighbour. Flyers might help for those properties where there are "sold" signs. Or posters advertising at mailboxes. | 7/26/2017 8:45 AM |
| 87 | Good job - keep it up! I was not able to make it to the meeting in June at Maki House, so thank you very much for making a link to this survey available on your site. | 7/26/2017 7:59 AM |
| 88 | Good job - keep it up! Improved Communication Facebook and Surveys are a great way to get the community engaged. | 7/26/2017 6:53 AM |
| 89 | Good job - keep it up! Everything you are doing is fantastic and very much appreciated! Thank-you. | 7/25/2017 9:41 PM |
| 90 | Good job - keep it up! I am very impressed with the hard work and tenacity of the CBLCA. Your efforts are very much appreciated. | 7/25/2017 8:50 PM |

| | | |
|-----|---|--------------------|
| 91 | Improved Communication Inclusive representation More efforts to be inclusive and foster multiple, two-way communication with younger families / newcomers to this changing neighbourhood. | 7/25/2017 8:37 PM |
| 92 | Good job - keep it up! I think the CBLCA is doing a very professional job and I thank the volunteers for all their time and effort | 7/25/2017 8:30 PM |
| 93 | Inclusive representation Younger participation and representation | 7/25/2017 8:28 PM |
| 94 | Improved Communication Paper, door-to-door More neighbourhood events notified by paper, in mailboxes, as well as online. Many do not check online. Paper is a good reminder. | 7/25/2017 7:46 PM |
| 95 | Good job - keep it up! No, great job so far. I appreciate the inclusion and engagement in keeping our neighbourhood together. | 7/25/2017 7:24 PM |
| 96 | Improved Communication Other More regular meetings. An important issue that will impact residents is homes, properties that are being used by absentee owners for ````AIR BNB``s`` | 7/25/2017 4:14 PM |
| 97 | Improved Communication More opportunities for 2-way communication. | 7/25/2017 12:30 PM |
| 98 | Improved Communication Using the CBLCA Facebook page for better content and connectivity without sales or ad postings from individuals within the community. | 7/25/2017 11:21 AM |
| 99 | CBLCA position-process Inclusive representation Being less NIMBY and more open to changes that will bring in younger families and increase public transportation options. | 7/25/2017 11:07 AM |
| 100 | Other I believe there will be a lot more young families moving into the hood in the next few years (they already are). The older generation is moving out. What is the plan for schooling? There used to be 2 or 3 schools in our neighbourhood. Now we only have Lakeview. What about a Catholic school? Consider building a splash pad at Maki as part of the upcoming Reno. All us young families would love that. Thank you for getting our feedback. | 7/25/2017 10:19 AM |
| 101 | Good job - keep it up! You guys are doing great. | 7/25/2017 10:11 AM |
| 102 | Improved Communication Recreation and events Easier two way communications and more events. | 7/25/2017 9:59 AM |
| 103 | CBLCA position-process Inclusive representation Other The retired cohort of the CBLCA needs to be more open minded to development and 'change' in general. It seems like they are completely out of touch with the younger cohort that has families and does want the LRT come to the Crystal Beach neighbourhood, among other things. Old people - stop hogging the airtime and imposing your stubborn views on the rest of us. Also, your hate-on for Mark Taylor is unwarranted - you're using him to get your frustrations out on someone, and he's the closest punching bag. This is inappropriate and unprofessional. It's time for you all to step aside. | 7/25/2017 9:32 AM |
| 104 | Improved Communication A map showing proposals would help. I downloaded half a dozen PDF files from stage2lrt.ca to aid in filling out this survey. Preparation time, roughly two hours. | 7/25/2017 7:03 AM |
| 105 | Good job - keep it up! I don't know enough about it to make a suggestion, but appreciate all the work that you do. | 7/24/2017 8:11 PM |
| 106 | Good job - keep it up! Community is well served by current representatives and organization structure. | 7/24/2017 6:30 PM |
| 107 | Other 11. Suggest that the LIGHT maintenance be performed at the Belfast MSF until a LMSF can be built in Kanata when the LRT continues to Eagleson as an end station | 7/24/2017 5:17 PM |
| 108 | CBLCA position-process Improved Communication Other We used to get membership cards but have not done so for a few years and I would like to see that come back. Or perhaps we have not been paying dues which we would like to do. More info on how to join CBLCA would help. | 7/24/2017 12:47 PM |
| 109 | CBLCA position-process Good job - keep it up! Thank you for all of your efforts. Please continue sending out more surveys like this one on pertinent topics affecting our neighbourhood, as well as information pamphlets regarding consultations/meetings with the city as early as possible in the planning process of such issues. | 7/24/2017 12:34 PM |
| 110 | CBLCA position-process Improved Communication Inclusive representation Why don't you have a website, or use the Facebook site? who is even on the association? You only seem to do things for seniors or kids? | 7/23/2017 3:57 PM |
| 111 | none | 7/23/2017 3:40 PM |

| | | |
|-----|--|--------------------|
| 112 | Other I don't believe that there is significant wildlife near or on the Abbott Labs property and thus support development of the property as required to support the LRT project. | 7/23/2017 10:33 AM |
| 113 | Good job - keep it up! Keep up the good work, what you do is important! | 7/23/2017 9:41 AM |
| 114 | Improved Communication I like getting information through the CBLCA facebook page | 7/23/2017 9:38 AM |
| 115 | I will think about it! | 7/23/2017 2:33 AM |
| 116 | CBLCA position-process Inclusive representation The Association should seek to ensure that its agenda is not hijacked by special interests within the neighbourhood and seek to canvass and represent the interests of the neighbourhood as a whole. | 7/22/2017 7:47 PM |
| 117 | Good job - keep it up! There is always room for improvement that being said we think the Association has done a wonderful job with transparency, community events!! | 7/22/2017 7:16 PM |
| 118 | Improved Communication Well, I've lived here for three years--will likely be moving again soon, but have never figured out how to join or participate... | 7/22/2017 3:21 PM |
| 119 | CBLCA position-process Improved Communication Inclusive representation Association needs to become more accessible, inclusive and representative of the diversity of opinions in the community. This survey is an excellent step in the right direction. Encourage you to undertake more activities like this one. New web site is needed urgently. Residents appear to use the Facebook page instead of the web site. Make it easier to actually join the association. I found it almost impossible to do so. I paid my dues at soccer and don't really know if the funds were received and whether I'm officially registered or not. | 7/22/2017 2:33 PM |
| 120 | Improved Communication This survey would have been better with map illustrations of proposed sites for both clarity and a sense of scale. How large are the proposed transit station, and LRT maintenance and storage facility? More specific information about the significance of the wildlife corridor would also have been helpful. | 7/22/2017 9:18 AM |
| 121 | CBLCA position-process The survey is biased toward the choices preferred by the CBLCA. | 7/22/2017 8:51 AM |
| 122 | Good job - keep it up! Other I am grateful to the CBLCA's efforts in communicating the City's potentially negative impact on the community and Crystal Bay school when it comes to the storage facility location. I can't stress enough that how important it is to protect greenspace, but also communities and special needs children when it comes to industrial locations such as the storage facility may have (noise and pollution, including traffic). Now that the Federal government has committed additional funds to Ottawa's LRT, I would be livid to hear that the City did not factor these funds into choosing the most reasonable location for the storage facility. I would like to make it very clear that if our City representative Mark Taylor does not make the utmost effort in influencing this decision that considers both the Kanata and CBL communities, my vote will be going to another candidate next election. | 7/21/2017 6:20 PM |
| 123 | CBLCA position-process Improved Communication Inclusive representation All the above plus getting some dedicated, hard working, competent volunteers on board who have the time, energy, communication skills and coordinated vision to represent the needs and desires of the entire suburb. | 7/21/2017 5:20 PM |
| 124 | Improved Communication The development of this area is happening at a very rapid pace and the community needs to be kept informed of city, NCC proposals that are occurring. I did access the CBCA facebook page but did not locate any information about the LRT proposals. Facebook may be the best place for communication for the community as a whole but the survey in the mailbox of individual residences is a plus as well. | 7/21/2017 2:14 PM |
| 125 | Recreation and events Some contests to build fun. Best flower garden, best beans, best Christmas lights!! | 7/21/2017 12:57 PM |
| 126 | Good job - keep it up! The CBLCA is doing a great job of communicating issues and news concerning our community. Keep up the good work! | 7/21/2017 11:07 AM |
| 127 | Recreation and events More neighbourhood events would be good then people meet each other and may also consider getting involved with other cbcla activities | 7/21/2017 7:43 AM |
| 128 | CBLCA position-process Improved Communication Inclusive representation More two-way communication, including door-to-door discussion... hard for households with busy families to participate in group sessions scheduled right at children bedtimes Social media is great, but it is not being facilitated impartially - Our social media group is increasingly becoming caustic / cynical (including sarcastic/negative posts by CBCLA exec members) | 7/21/2017 1:56 AM |

|-----|---|--------------------|
| 129 | Good job - keep it up! You are doing a very good job. Surveys like this are useful, as some of us cannot attend a community meetings or consultations. Thanks. | 7/20/2017 6:29 PM |
| 130 | Improved Communication There are a number of people I know who do not seem to be getting the regular CBLCA email updates. In some cases, even after having subscribing. Not sure how to correct this. | 7/20/2017 9:57 AM |
| 131 | Improved Communication Inclusive representation Recreation and events My sense is the neighbourhood is changing. And while there is some evidence of change on the CBLCA Board, there could be more. New ideas, fresh blood, a focus that is not only on protecting our neighbourhood but on building a sense of community. Sports are great, but we need more than that. | 7/20/2017 9:35 AM |
| 132 | Good job - keep it up! You are doing a very good job! | 7/20/2017 3:33 AM |
| 133 | CBLCA position-process Improved Communication Inclusive representation I think that to community association should center itself around being a vehicle for hte community to know about opportunities to get involved and speak for themselves. the communications coming from the community association now are very biased, have a clear one sided view point to them, and are often sensationalized. this is not the role of the association in a community, especially one that has such low numbers of people being involved. that kind of extreme communication is not representative of the community. | 7/19/2017 10:20 PM |
| 134 | Good job - keep it up! Keep up the good work - representing the community at meetings and communicating with all parties involved. | 7/19/2017 8:47 PM |
| 135 | Improved Communication Inclusive representation I see good changes happing , young families are moving in and that means more involvement. Getting the word out seems to be the hardest but word of mouth will work eventually. | 7/19/2017 8:43 PM |
| 136 | Good job - keep it up! Thanks to the CBLCA for their support to the neighborhood. | 7/19/2017 8:34 PM |
| 137 | Good job - keep it up! Improved Communication You are doing a great job. Live streaming the meetings, or 'taping' them for later replay would be nice for those of us who can't fit them into our schedules. | 7/19/2017 6:37 PM |
| 138 | CBLCA position-process Improved Communication Inclusive representation Recreation and events All of the above. | 7/19/2017 6:22 PM |
| 139 | Good job - keep it up! You are doing a great job. Thank you. | 7/19/2017 5:22 PM |
| 140 | Good job - keep it up! Inclusive representation Survey an excellent idea. Keep working to bring in younger members to committees and executive | 7/19/2017 5:16 PM |
| 141 | CBLCA position-process Good job - keep it up! Improved Communication Other Appreciate the effort by the assn however the CBLCA must be careful not to let the city and our elected people use the assn as a buffer to avoid answering to the electorate. I.e. Taylor's office referring questions or complaints toour community assn whenever it suits him | 7/19/2017 4:20 PM |
| 142 | Good job - keep it up! Happy with current situation. Well informed | 7/19/2017 3:36 PM |
| 143 | Other Please ensure the permanent reinstatement of the bicycle/walking path from Carling down the west side of Moodie to the Transcanada Trail and proposed LRT. The fact that the drainage on both east and west sides of the field north of the kanata cycle path have been blocked this year has caused the west moodie path to be constantly flooded and unusable unless you take off your socks and shoes and paddle through the smelly water, which I have resorted to on occasion! Also, I cannot believe that the people responsible for the BRT project would take the time to redirect and build a nice cycle path around the football field in a manner where the path falls below the level of the flood plain, and again becomes impassable at times.This is a key cycling/walking transit route to downtown Ottawa | 7/19/2017 3:32 PM |
| 144 | CBLCA position-process Improved Communication Stop always being negative.The assosiation has already cost us the July 1 celebrations at Andrew Haydon Watts Creek waterpark ,arena, and soccer fields at Moodie and Carling but we have a \$20000 gazebo that cost likely under \$1000. | 7/19/2017 2:53 PM |
| 145 | Good job - keep it up! Keep doing what you are doing and please keep us all apprised. Thank you for your efforts. | 7/19/2017 1:52 PM |

| 146 | CBLCA position-process I will give the example of the renaming Herrington Court. The number of people affected made it clear that Crystal Beach residents should have to rename their street as fewer people would be affected this way. Yet CBLCA fought on behalf of its residents, and their arguments included that CB residents they live in single-family homes, not townhouses. (Talk about elitist!) You really didn't have any strong arguments and yet I got at least 3 emails on this topic. It seems the CBLCA opposes everything the city wants to do on impulse and without rational thought. There are many things the CBLCA stands up for that I respect. I would have an easier time respecting what you do if I felt there was judicious decision making rather than reactionary response. So how you could be more relevant is acknowledging when/if the city does something well and picking battles that are meaningful. Generally I know that other than social announcements, everything from the CBLCA is a complaint. | 7/19/2017 12:45 PM |
| 147 | Improved Communication Inclusive representation more opportunities for 2-way communication such as this survey are great for community engagement. | 7/19/2017 11:34 AM |

| 149 | Good job - keep it up! Other You are doing a great job. Thank you. I am very concerned about the safety of cyclists who continue to ride along Corkstown between the bike path and Moodie. It would be much safer if there were cycle lanes or at least a hard shoulder. I believe this should be a high priority. | 7/19/2017 11:03 AM |
| 150 | Other I definitely suggest delaying the extension of LRT to Moodie until a decision is made on its extension to Kanata. Kanata residents are more likely to use the LRT at which point the cost will be better justified. | 7/19/2017 10:58 AM |
| 151 | Good job - keep it up! Keep up the good work | 7/19/2017 10:46 AM |
| 152 | CBLCA position-process Stop ranting about every improvement to Ottawa's Mass Transit system that comes anywhere close to our neighborhood and concentrate on important things. | 7/19/2017 10:23 AM |
| 153 | Good job - keep it up! You are doing as best you can, dealing with the fact that most people do not get engaged unless it directly affects them. Good on you for doing this survey. | 7/19/2017 1:10 AM |
| 154 | Other Involve the gentleman with the big house on Corkstown in any possible way you can, he seems to have a voice that our Council listens to and from what I've been reading gets things done. | 7/18/2017 5:32 PM |
| 155 | CBLCA position-process We should be more aggressive in our response to the political toadies who come up with these wasteful ideas. They are wasting our tax money. | 7/18/2017 4:12 PM |
